The Parent Command Center

The PCC allows parents to view their child’s attendance, conduct, discipline, grades, progress reports, and transcripts (high school). To establish an account, parents are required to go to the Parent Command Center website and register as a new user. New users are asked for various pieces of information to verify their identity. The required pieces of information are highlighted in red and must be filled with the correct information as it was reported to the school. All information entered is information about the parent, such as the parent first/last name. The PSN should be given by the school.

Next, each parent or guardian must register a personal login ID. This is a security measure to insure children’s privacy. In a family with children in school where the father and mother do not live together, the father would register a login ID and the mother would register a login ID if both wish to be able to log into the system to track each child’s progress.
